  - Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions.

(b) The PHA must submit its Deconcentration Policy for Field Office Review.

**DECONCENTRATION POLICY**

The Housing Authority of St. Louis County (HASLC) will use greater flexibility in attracting households with broader ranges of incomes. We will continue to reassess our ceiling rental amounts in the Public Housing developments to enable us to attract higher income families, as well as offer this incentive to residents presently residing in the developments. Disregards of earned income will also be continued for those residents who meet the necessary requirements. Other avenues to attract higher income families being considered are changes in waiting list admission preferences, more aggressive marketing of developments, and ongoing evaluation of Public Housing inventory for capital improvements.

HASLC presently maintains four (3) site-based Public Housing waiting lists in addition to the HASLC Public Housing waiting list. The site-based waiting lists are comprised of housing authorities owned by three (3) municipalities, Hillsdale, Pagedale, and Olivette. These municipalities have contracted with HASLC to manage their housing authorities.

The Public Housing waiting list is maintained on a daily basis. New registrations are added in a timely manner. All approved changes to the initial application are entered into a computerized waiting list upon receipt from the applicant. Applicants are assigned an appropriate place on the waiting list according to date and time application received during the open waiting list period. The only exceptions to this rule are applicants who indicate the appropriate waiting list preferences. The task of removing applicants from the waiting list is performed on a daily basis. These removals include but are not limited to the applicant's request, not meeting eligibility selection criteria, applicant's failure to respond in a reasonable time period, and correspondence cannot be delivered by the U.S. Postal Service or contact made with applicant. Removal from the waiting list also takes place when the family is leased in the Public Housing Program. Applicants removed from the waiting list are notified by mail & Email at the last known address.

The Housing Authority of St. Louis County will only admit applicants that meet certain qualifications as designated by the Department of Housing and Urban Development (HUD) regulations and the Public Housing Admissions and Continued Occupancy Policies (ACOP). Established eligibility guidelines include but are not limited to Family Composition, Income, Social Security Numbers, and Waiting List Preferences.

Once an applicant has been processed and approved, the applicant is notified by Email of the approval. Applicants are matched to a unit when such unit becomes available. The applicant is notified by Email, mail and telephone contact according to date of the actual approval, site designation and bedroom size. The site management staff are the point of contact and are responsible for leasing the unit. The applicant may be considered for another unit if the unit or location is not acceptable. Rejection of a unit or location the second time will result in the removal of the application from the Public Housing waiting list

**Mobility Overview**

The Mobility Counseling Program is a pilot program established between the St. Louis Housing Authority and the Housing Authority of St. Louis County (PHAs) to provide Housing Choice Voucher (HCV) holders with additional support to make moves into high opportunity areas (HOAs). The program is administered by ASCEND STL, LLC in partnership with both housing authorities. The program provides two primary services: (1) Counseling services to families interested in moving to high opportunity neighborhoods, including one-on-one family move planning, and workshops to help families prepare for their move; and (2) Outreach and organizing of owners in high opportunity areas to break down stigmas against the program, offer additional support to owners, and assist in the development of relationships between owners in OAs and clients. Additionally, the program may provide a security deposit or relocation assistance for families who move into high opportunity areas if funding is available.
